

ENVIRONMENTAL POLICY

We care for Life and the Planet.

We consider environmental performance as critical to business.

To deliver this ambition:

MANAGING OUR RESOURCES IN ALL ASPECTS OF OUR OPERATIONS

- We protect the environment, prevent pollution, and limit emissions
- We continuously improve our environmental management system and meet our compliance obligations
- We strive to implement renewable energy for our operations

WE STRIVE TO EMBED ENVIRONMENT IN KEY DECISIONS

- We seek to embed environmental considerations in our strategy and governance
- We foster a culture of environmental excellence throughout the company
- We set ambitious environmental targets and report transparently on our progress
